What have we done so far?

- Your task is to produce a set of HTML files that step you through the creation of a web page from scratch.
- You should have one HTML file for each step. This should be saved in a directory called day5-steps. This folder will be turned in to Mr. Weinberg next class.
- For steps 1 − 3, you should write out the code for the page in your notebook before typing it in.
- · Complete as many of the steps as you can.

Now we are on step 2.

In this section, there is some text.

This is a second section. It also has some text.

This header says Step 3 using the H1 tag.

This is section 1.

This is section 2. Click here to go to CNN.com.

This is the footer.

Step 4:

Header for Step 4

This is a nav section for links. Here is a link to Mr. Weinberg's website: http://hzteachers.scis-his.net/eweinberg/

This is still section 1.

This is section 2.

Header for Step 5

This is a nav section for links. Here is a link to Mr.

Weinberg's website: http://hzteachers.scis-

his.net/eweinberg/

The font for the entire page is now Helvetica. This is section 1.

This is section 2.

This is still the footer.

Step 6:

Header for Step 6

This is a nav section for links. Here is a link to Mr.

Weinberg's website: http://hzteachers.scis-

his.net/eweinberg/

Sections now have a background color and a border.

This is section 1.

This is section 2.

Header for Step 7

This is section 1. It has a border, a background color, and a margin of 5 pixels.

You should also notice that the nav is gone.

This is section 2. Here is a list of things it has:

- A border
- A background
- A margin of 5 pixels

This is still the footer.

Header for Step 8

This is section 1. It has an ID of section 1. It also has a border, a background color, and a margin of 5 pixels.

You should also notice that the nav is gone.

This is section 2. It has an ID of "section2". Here is a list of things it also has:

- A border
- A background
- A margin of 5 pixels

Step 9:

Header for Step 9

This is section 1. It has an ID of section 1. It also has a border, a background color, a margin of 5 pixels, and border-radius of 5 pixels.

You should also notice that the nav is gone.

This is section 2. It has an ID of "section2". Here is a list of things it also has:

- A border
- A background
- A margin of 5 pixels
- border-radius of 5 pixels

This is still the footer.

Step 10:

This is section 1. It has an ID of section1. It also has a border, a background color, a margin of 5 pixels, and border-radius of 5 pixels. Both this section and the next section have a class of "cool" which gives it padding of 5 pixels.

This is section 2. It has an ID of "section2". Here is a list of things it also has:

- A border
- A background
- A margin of 5 pixels
- border-radius of 5 pixels
- padding of 5 pixels
